Entrepreneurship

The Student READY (Rural Entrepreneurship Awareness Development Yojana) programme aims to provide rural entrepreneurship awareness, practical experience in real-life in rural agriculture and creating awareness among students about practical agriculture and allied sciences. The programme will help in building confidence, skill and acquire Indigenous Technical Knowledge (ITK) for self-employment.

It also aims to provide opportunities to acquire hands-on-experience and entrepreneurial skills. This reorients agriculture graduates for self-employability in agriculture and allied business.

Note:

Field trips and visits to ICAR and other institutions are conducted as per the government guidelines. The college takes all the precautions and care of the students on tour but it is equally necessary for students to maintain discipline and their parents to advise their children.

HUMAN RESOURCES

TEACHING STAFF

The college staff is recruited as per the guidelines of the Goa University. The teaching staff is experienced, dedicated to teaching and has degrees from Agriculture Universities – M. Sc. (Agriculture) or Ph. D. in Agriculture. The teachers undergo Orientation/Refresher Courses under Faculty Improvement programs conducted by various institutions. Many teachers are the members of Statutory Bodies, Boards of Studies of the Goa University, Agriculture universities and national and international organizations.

Teachers regularly attend State/National/International seminars, conferences and symposia. They are invited as Guest Speakers, Resource persons by Educational and Socio-Cultural Institutions. Several teachers have published research articles in National and International Journals. They are also involved with overseas organizations for collaborative research projects on pests and diseases.
